2. Massage/manual lymph drainage which will include the chest and groin.
3. Bandaging of the limb 20-22 hours a day.
4. Self-bandaging on weekends. (You and your family will be instructed in self-massage and self-bandaging.)
5. Therapeutic exercises to accelerate lymph flow.
6. Instruction in a home maintenance program.
7. Instructions on skin care.

SHEA PHYSICAL THERAPY/HAND THERAPY SERVICES

Policy for Cancellations and No Shows

These policies have been developed to assist our therapist in scheduling their patients efficiently so that each of you will be given the appropriate time when you arrive for your treatment session. We appreciate you assisting us in the matter of **cancellations** and **no shows** for our operation.

1. We will request a 24 hour notice in the event of a cancellation. It is the patient's responsibility, when you call in, to have an alternative time in mind that will ensure that you get in the full prescribed number of treatments that week whenever possible.
2. Please understand that when you do not show, three people are affected:
 - a) First the patient because you do not get the treatment you need as prescribed by the doctor.
 - b) Second, the therapist who now has a space in their schedule since the time was reserved for you personally.
 - c) Third, another patient could have been scheduled for treatment if there had been proper notice.

Should you have to reschedule, please understand that you may need to see a clinician other than the one who normally treats you as a result of rearranging the appointment period. All of our clinicians are experienced professionals, and they will study your chart, so you will be in good hands. You will return to the original clinician in the next regularly scheduled visit.

Should you need to cancel or change an appointment, please contact our office directly; for Shea Physical Therapy (361) 994-5224 and for Hand Therapy Services (361) 992-1435. Again this policy is to assist our facility to offer you the patient a much more efficient operation. We strive to minimize the amount of wait time that you may have in our lobby by keeping our therapists on a regular schedule.

We look forward to having the opportunity to work with you and to assist you in your current therapy need.

Sincerely,

Daniel R. Shea, P.T

Consent for Treatment/ Privacy Policy/ Assignment of Benefits

We would like to take a moment to welcome you to our office and assure you that you will receive the very best care available for your condition. On your initial visit the therapist will evaluate you as it relates to your diagnosis. Following the evaluation, a plan of care will be developed in cooperation with your physician. Risks, side effects, complications and benefits of treatment will be discussed with you. In order to familiarize you with the financial policy of this office, we would like to explain how your medical bills are handled.

EXPLANATION OF INSURANCE COVERAGE

Most insurance policies cover physical therapy, but this office does not ensure that yours does. Insurance policies can differ greatly in terms of coverage for physical therapy. Because of the variance of one insurance policy to another, we require that you, the patient, be personally responsible for the payment of your deductible, as well as any unpaid balances in this office. We will do our best to verify your insurance coverage, and we will bill your insurance company (ies) in a timely manner.

I. ASSIGNMENT OF BENEFITS

Authorization of payment: I hereby assign all benefits directly to Shea Physical Therapy. If my insurance carrier sends me payment for services incurred in this office, I shall send or bring the full payment to your office immediately upon receipt. I understand that in the event my insurance company or financially responsible party does not pay for the services I receive, I will be financially responsible for payment in full.

We hope this answers any questions you might have concerning the financial policies of this office. Once again we welcome you to our office and will be glad to answer any further questions you might have.

If the patient is a minor, or legally incapacitated, please obtain the signature of a parent or legal guardian.

SUPPLIES/HOME EQUIPMENT

Your insurance company may or may not cover certain supplies or home equipment issued to you by our facility. **Supplies** are those items required to carry out a specific treatment order (i.e. electrodes, lumbosacral rolls, instruction booklets, etc.). **Home Exercise Equipment** are those items which may be used to enhance your rehabilitation at home (i.e. theratubing, hand putty, weights, pulleys, etc.).

We try to purchase these items in bulk thus reducing the cost of these items. This savings is then passed on to the patients/insurance companies. We try to keep the pricing of these items extremely fair as we realize the purchase of these items may become the patient's responsibility.

You always have the right to choose whether or not you would like to personally purchase the equipment should your insurance company not cover those items. The supplies, however, are required for your treatment and will be your responsibility should your insurance not cover those items.

Please check with the front desk concerning your insurance coverage. An itemized list of equipment and prices will be shown to you so that you may decide if you would like to purchase the item.

If you have any questions, please do not hesitate to discuss with our office.

Thank you.

I have read and understand the above policy:

HAND THERAPY SERVICES**

January 1, 2022

To our Medicare patients:

MEDICARE BENEFICIARIES:

Effective January 1, 2022, Congress has permanently extended the current exceptions process for physical and occupational therapy. For the calendar year 2022 this amount is \$2,150.00 for physical and speech therapy services combined and \$2,150.00 for occupational therapy. Therapy claims for outpatient Medicare Part B services that go above \$2,150.00 will require the use of a modifier for attestation that claims are medically necessary which may provide a higher threshold to \$3,000.00, at which a targeted medical review process kicks in.

We will work with you individually to assist in determining your benefits. We will be requesting you to sign this notice (a requirement of Medicare), to acknowledge that we have educated you regarding this benefit. This threshold is for outpatient services only. If it is determined that therapy is "not reasonable and necessary", you may be requested to pay out of pocket.

POSSIBLE REQUIRED DEDUCTIBLE:

Also, ***Medicare typically has an annual deductible of \$233.00 before your benefits begin for the rest of the year.*** Some secondary insurances may cover this deductible, others will not. Therefore, we will assist you in identifying your financial responsibility and will need to collect this amount if required.

We will be closely monitoring our service so we can provide you with the highest quality care available.

Should you have any questions regarding any of this information, please do not hesitate to ask.

Thank you,

*Shea Physical Therapy
